

COVID-19 Update

Effective Monday, March 23, 2020, Eternity Wireless will be doing their best to protect our staff, take care of our families and satisfy our customer's needs by reducing office and warehouse hours until further notice during this pandemic.

During this phase, please try to submit your orders and make your phone calls to the office in the morning. We are moving up our shipment pick-up time to 2PM CST and will no longer have guaranteed same day shipping on orders until further notice. We will still do our best to get your orders to you in an effective timely manner.

We also suggest contacting your EW sales representative by their cell phone number or email as we limit our time in office and availability to take calls on our toll free number. However, you can still call the office toll-free at **833-594-0361**, (but may be forwarded to voicemail box) or email the team at sales@eternitywireless.com.

Thank you for your understanding,
Eternity Wireless
